

Grassroots Grants Guidance Notes

INTRODUCTION AND ELIGIBILITY

Grassroots Grants is a grant scheme funded by the Government Office for the Third Sector and run locally by the Hampshire and Isle of Wight Community Foundation with several partner organisations, in particular Community Action Hampshire, Isle of Wight Rural Community Council, Community First for Portsmouth and Southampton Voluntary Services.

The scheme is aimed at small, volunteer-led, not-for-profit groups and only groups with a **total annual income of under £30,000 (averaged over the last three years)** are eligible. Applications can be for almost any activity that will benefit people living in Hampshire, Isle of Wight, Portsmouth or Southampton. The basic rule is that applications must be for activities, projects or equipment aimed at strengthening your organisation and / or meeting a need that will benefit your local community

Examples of possible projects and activities include:

Purchase of equipment, computer, oven, furniture
Cost of putting on a local event
Staff costs to enable employment of individuals
Contribution to rent costs – related to activity or service delivery
Cost of attending a conference or event
Training for volunteers and staff
Additional activities to expand an existing funded project
Activities that support community activity
Activities that meet an identified need in the local community
Funding to support an organisation to achieve a quality or other standard relevant to their activities

However, please note that the following groups or activities **cannot be supported by Grassroots Grants:**

- Applications from individuals
- Public bodies like local authorities and schools

- Organisations that are for the sole benefit or relief of animals or plants
- New Organisations, i.e. those which have not been active involved in their local community for at least one year – see the notes under Question 3 for more details
- Larger organisations – see the above note about annual income
- Any party political activity
- Commercial ventures
- Proselytising activities, i.e. active promotion of a specific religion or belief system

There are a few other restrictions and points which may affect your application so we suggest that you **contact us before you complete the application form**. Please see the back page of these guidance notes for details of whom you should contact to discuss your application.

There are two separate application forms. One form is for grants of more than £900 and up to £5,000, and these guidance notes deal with this form. The other application form is for 'Express Grants' (from £250 up to £900) and there are separate guidance notes for that form.

Groups can only receive **a maximum of £5,000 from Grassroots Grants** over the entire lifetime of the scheme – see the notes under Question 6. You are welcome to apply for this all at once but this is not compulsory and may not suit your group's circumstances.

MONITORING

You will need to complete and return a monitoring and evaluation form this form when you have fully spent your grant You must also get our approval **in advance** for any changes to how you spend the grant money. We will randomly visit a certain number of organisations / groups. It will be a condition of accepting a Grassroots Grant that you agree in principle to such a visit, which will be arranged for a mutually convenient time usually when the Grassroots-funded activity is taking place.

MAIN APPLICATION FORM (for grants of £901- £ 5,000)

ABOUT YOUR ORGANISATION

Q1 Contact Details

Please give the contact details for someone who knows the details of the application – normally this would be the person completing the application form. We need to know the name of your **organisation or group**, not the name of this specific project or activity. The organisation name should appear at the top of your constitution / terms of reference document. Your organisation /

group must be local and independent – with its own management committee and control over its finances – though it may be affiliated with a regional or national voluntary organisation.

Q2 What type of organisation are you

You do not need to be a registered charity to apply for a Grassroots Grant, but you should clearly be a charitable or not-for-profit organisation or group. We will judge this mainly based on the information in your constitution / terms of reference / rules.

Q3 When did your organisation start?

Please indicate when your organisation was first formed. You might take this to be the date when your committee agreed its first constitution / terms of reference.

IMPORTANT NOTE: In order to be eligible for a Grassroots Grant, your group must not be brand new. It should have existed for at least one year. Evidence may be requested to establish your group's start date.

Q4 How many people are involved in your organisation?

'Paid staff' refers to workers directly employed by your organisation – please do not count people employed by another organisation and working for you under a contract. Please do not note trustees / committee members under 'Other Volunteers' as they have their own category.

Q5 Please describe the main purpose of your organisation:

Here, you should use a maximum of 50 words to explain what your organisation aims to do, for example: 'We provide community centre facilities and services to help people in our local area'. We only need to know what your organisation does, not how you do it.

Q6 About your organisation's finances

We ask everyone applying for a grant to send us a signed copy of their most recent accounts (see checklist at the end of the application form). To complete Q6, please use the details from these accounts that you are sending. You will see that you have to state your group's annual income for the two years before the year that your most recent accounts cover. This is so we can confirm that your group meets the eligibility condition below:

IMPORTANT NOTE: For your group to be eligible for the Grassroots scheme, it must have an annual income of under £30,000 as averaged over the last three years (or, if your group is newer than this, for as many years as you have financial figures).

IMPORTANT NOTE: Groups can only receive **£5,000** in total from the Grassroots Grants programme. If your group has had a grant from another Grassroots Grants Funder then you can only apply for a grant from us to bring the total up to £5,000. If you receive more than £5,000 from Grassroots Grants then you will have to return the amount above £5,000.

Q7 Bank details for your organisation

The 'Organisation's bank account name' is the name that your grant cheque would be made payable to if you are awarded a grant. Please contact us if your group does not have its own bank account. We may be able to pay the grant to another charitable organisation willing to hold the funds on your behalf, although we do prefer organisations to have their own account. Note that all cheques drawing on any bank account in the name of your organisation must need at least TWO authorised signatures. For reasons of financial soundness, we strongly recommend that cheques cannot be authorised by people who are related to each other.

ABOUT YOUR PROJECT

Please read all the questions in section 2 before answering them so that you can see what information we would like you to give under each question. .

Q8 Please provide a brief description of what activity or project (including equipment) you are asking to be funded and the need for this in your local area.

Please give brief details of what you want to do, such as, 'We would like to buy some new camping equipment' or 'We would like to run a programme to help unemployed people into work by finding them work experience places, training courses and coaching for vocational qualifications'. You should explain why your particular project or activity is needed in your local community. This might include any surveys that have been carried out, published reports, or feedback from individuals / organisations / groups. For example, you might say that a sport club is needed because there is limited access to sporting activities in the local area. Please attach further information if needed.

The electronic form allows you as much space as you need (200 words to 1 page should be sufficient for most projects). For paper versions you may attach further information if needed.

Q9 When will this take place?

Please tell us when you hope to get started and when you expect the grant will be fully spent. The 'End date' can be any point up to the end of the Grassroots Grants scheme, which is on 31st March 2011.

IMPORTANT NOTE: You can only receive a grant for activities that have not yet taken place, or for equipment, services etc. that have not yet been paid for on the day that your application will be considered. Please contact your local grants team if you are not sure when this will be.

Q10 How many people will benefit?

The number of people to directly benefit will usually mean the number of people that you expect to work with on the funded project / activity. The indirect beneficiaries may be related to these people (e.g. children will indirectly benefit from their parents doing a parenting class) or they may live in the local area (e.g. local residents will indirectly benefit from a community garden which local job-seekers will create).

Q11 What area(s) will benefit?

We need to know where the people to benefit will come from. Many activities will benefit the people that live in the area where the project / activity will take place, however this will not always be the case. We would also like to know if activities are for members only or open to the general public and whether you will be working with any other local organisations.

For example: if you wanted to help people from the centre of Southampton to attend a training course held in the centre of Basingstoke that was open to anyone and was organised with the Police then you would show this as follows in the table over the page: Village, district or town where activities will take place	Basingstoke
Full post code of location	RG21 1LU
Villages, towns or districts where beneficiaries will come from	Southampton city

(if different from where the activities will take place)	centre area
Please provide an example full post code for this area if possible	SO14 1NX
Will any activities be open to members of the public?	Yes / No
Will you be working with other local groups or agencies?	Yes / No

IMPORTANT NOTE: Your application must only cover work that will benefit people that live in one of the following areas: Hampshire, Isle of Wight, Portsmouth City, Southampton City. We cannot award grants for activities that will benefit people from more than one of these areas.

Q12 What do you expect to achieve with a Grassroots Grant?

Please explain here what benefit there will be if you are awarded a Grassroots Grant and your project / activity is a success. You should focus on how people's lives will change for the better as a result of what you will do with your Grant. Please use a maximum of 200 words.

Q13 How much will this cost?

This table is designed so that you can show the amount of grant you are applying for, how you will spend the grant and any other income you expect to receive that you will put towards the project / activity. You do not need to include the general running costs of your organisation, just the costs and income associated with the project / activity that is the focus of your application. There are boxes labelled 'Other costs' and 'Other income' so that you can note any other categories of income / cost that are not already in the table. **The total costs and total income must come to the same amount.**

You are asked to show how much of your grant would be spent in each financial year. This is important for us to allocate all the money we have available so please be as accurate as you can. You must also include evidence of costs for all equipment items or groups of items costing over £100. Acceptable evidence could be quotations, catalogue or website pages.

Grants from Year 2 must be spent by 30th June 2010, and from Year 3 by 31st March 2011 as the scheme will be closing then. If your grant covers more than one financial year then we will send you each portion around the start of each year (April), after you have sent us a report on your spending in the previous year.

Please use the space near the bottom of the table (or a separate sheet, if necessary) to give details of how you have worked out the figures, e.g. staff costs, a list of equipment, rental costs. You must include evidence of costs for all equipment items or groups of items costing over £50. Acceptable evidence could be quotations, catalogue or website pages.

Please see below for an example of costs for a Residents' Association that would like to run a once a week parent and baby / toddler group for local single parents:

COSTS		INCOME	
Equipment	£500	Fees charged to participants	£150
Staff salaries	£1,250	Other funds generated by the activity	£0
Volunteer expenses	£50	Your organisation's own reserves	£0
Other – venue hire	£250	Other fundraising	£0
Other – admin support	£250	Other grant applications	£0
Other costs	£0	THIS GRASSROOTS GRANTS APPLICATION	£2,150
TOTAL	£2,300	TOTAL	£2,300

In this example, the group would need to give details and include evidence for their cost calculations as follows:

- Equipment – £500 of babies' and toddlers' toys (with a toy list and catalogue or website pages enclosed as evidence)
- Staff salaries – a breakdown of hourly rate and how this leads to a total sum of £1,250, including on-costs such as National Insurance and any pension contributions
- Volunteer expenses – an explanation of how the estimated figure has been reached
- Venue hire – a breakdown of how the total sum was reached
- Admin support – an estimate of costs for telephone, stationery etc. and a contribution to the salary costs of any other workers who will spend some time supporting this activity

Please also state whether your project / activity is new or already happening. This is just for our information and will not affect the success of your application in any way.

ABOUT THE PEOPLE WHO WILL BENEFIT

Q14 Please indicate below which groups of people will directly benefit

This section of the application form will give us the information we need to ensure that the Grassroots Grants scheme is benefiting as wide a cross-section of the community as possible.

Please tick all the categories of people that will benefit in significant numbers or that you are specifically focusing on. We appreciate that for new work you may not know exactly who will benefit, but please tell us which groups you expect will benefit from the project / activity.

IMPORTANT NOTE: Please only tick the boxes for those identified groups, types of disability and ethnic groups that will either benefit in significant numbers or that you are specifically focusing on. For example: a music group based in an area where 95% of people are White British should only tick the White British ethnic category unless they intend to **DELIBERATELY TARGET** people of any other ethnic groups. This group should not tick, say, the Pakistani category just because they have one or two Pakistani members.

REFERENCE

IMPORTANT NOTE: You do NOT need to give a referee if you have received a grant from either CAH, HIWCF, Isle of Wight Rural Community Council, Portsmouth Council of Community Service or Southampton Voluntary Services within two years of the date that we receive your Grassroots Grants application. If you do need a referee then they should be someone who works with voluntary or community groups and:

- Is a paid employee of either a Council of Voluntary Service, a housing association, a community development organization or a Local Authority (district, county, city etc.) that covers where your group operates **AND**
- Is willing to provide a reference on behalf of your organisation **AND**
- Is not personally connected with your organisation, and does not have any personal vested interest in either your organisation itself or the outcome of this grant application **AND**
- Has read this application form in full and supports your application for funding

Please contact HIWCF if you have any queries about providing a referee.

DECLARATION

The final declaration must be signed by the person named in Q1 as the main contact and also by the chair, vice-chair, treasurer or secretary of your organisation's management committee.

CHECKLIST FOR SUPPORTING DOCUMENTS

Please ensure that you send **all** the documents as requested near the end of the application form. Your application may not be submitted to the assessment panel if you do not include all the requested documents. Please see the end of the guidance notes for whom to contact if you need any help with your supporting documents, or anything else on the application form.

IMPORTANT NOTE: Signatures on documents must be originals (not copies) and must be of your management committee's chair, vice-chair, treasurer or secretary.

Constitution / Set of Rules (signed) – this will tell us whether your group is charitable / not-for-profit and will show us what your organisation is set up to do and how it operates. If **Names and signatures of ALL committee members** are not part of the document then you may attached a separate list of the current members . This will help assure us that your organisation has a sound structure and should be capable of managing a Grassroots Grant. The constitution should contain a dissolution clause stating that proceeds will be to a similar organisation or a charity.

Annual accounts (signed) – these should cover the same 12 month period as used to answer Q6 of this application and they must be your most recent annual accounts. We do appreciate that organisations have different financial year periods and that it can take time to prepare accounts. Therefore, we will accept accounts where the financial period ended any time within the 18 months before the date that we receive your application.

Health and Safety Policy (signed) – if your organisation has a Health and Safety policy, then please send us a copy. If you do not have such a policy but you are asking for a grant to run an activity that has a risk attached to it, we will need to see a risk assessment which outlines the risks that you feel are present and the measures that you will take to reduce these risks.

Evidence for how you have calculated the costs – see earlier in these notes under Q13.

Child / Vulnerable Adult Protection Policy (signed) – if your organisation works with under 18 year-olds and / or with adults that could be considered vulnerable (e.g. people with learning disabilities, older people) then you must send us a copy of the relevant policy.

TERMS AND CONDITIONS

Please read through carefully and sign the form at the bottom of the page. This will form part of the agreement that you will commit to if your organisation is awarded funding.

SUBMITTING YOUR APPLICATION

- 1) Make a **copy** of your completed application form.
- 2) Mail or take your completed application form to be reviewed by one of our Partner organisations listed below. Which organisation will depend on where the people that will benefit from your project/activity live. Please note that the **Partner organisation will need to sign** that the application is complete.
- 3) Once it has been **reviewed and sent**, please also **email** your completed application to info@grassroots@hantscf.org.uk (this will help us process your application more quickly).

We will check your application and contact you if anything is incomplete or unclear. When your application is complete we will submit it to the Grassroots Grants assessment panel which is expected to meet every six weeks. You will normally hear a decision on your application within 3 weeks of the round deadline.
