

RED FUNNEL VOUCHER SCHEME

Red Funnel has set up a new scheme with the Isle of Wight Community Fund that will assist Isle of Wight voluntary and community groups and the local people they support by contributing towards the cost of travelling to the mainland using their ferries.

Eligible groups include Isle of Wight based community and voluntary organisations, including groups that work with children, youth, seniors and people with a disability. Applicants will need to complete a short application form explaining why they are requesting support and attach their constitution, terms of reference or set of rules that they use as a governing document.

Individuals, mainland groups and businesses are not eligible to apply. Requests for raffle prizes cannot be considered or supported.

Applicants should apply at least 4 weeks in advance of their planned travel dates. A maximum of £100 is available per organisation per year. Successful applicants will receive a voucher towards the cost of ferry travel. Successful groups will need to contact Red Funnel to book a ferry. Groups will also need to tell us how the travel voucher was used for community benefit.

Details and the application form are available at www.hantscf.org.uk/iwcf

*** the Isle of Wight Community Fund is a subsidiary of the Hampshire and Isle of Wight Community Foundation**
